

## Retail Buildings

**Another** area of expertise at CSD involves the structural design of retail buildings. These structures require consideration of economics, performance and durability. The following is a sample of retail buildings designed by CSD.

<p><b><u>Logli Supermarket</u></b></p> <p>Project Type: Retail Buildings</p> <p>Location: Loves Park, Illinois</p> <p>Description: A 137,000 sf. supermarket. This retail project was constructed as a Design-Build project.</p>	<p><b><u>Wal-Mart</u></b></p> <p>Project Type: Retail Buildings</p> <p>Location: Mt. Pleasant, Iowa</p> <p>Description: A 500,000 sf. distribution center.</p>	<p><b><u>Amigo Gift Mart</u></b></p> <p>Project Type: Retail Buildings</p> <p>Location: Kansas City, Missouri</p> <p>Description: A 500,000 sf. two level shopping center.</p>
<p><b><u>Redlands Marketplace</u></b></p> <p>Project Type: Retail Buildings</p> <p>Location: Grand Junction, Colorado</p> <p>Description: 30,000 sf. retail areas constructed with steel joist and masonry bearing walls.</p>	<p><b><u>Lowry Town Center</u></b></p> <p>Project Type: Retail Buildings</p> <p>Location: Denver, Colorado</p> <p>Description: 80,000 sf. mixed use retail/office space.</p>	<p><b><u>Wal-Mart SuperCenters</u></b></p> <p>Project Type: Retail Buildings</p> <p>Location: Garland, Texas; Arlington, Texas; Topeka, Kansas</p> <p>Description: 150,000 sf. commercial space (each space).</p>
